## BROWN CONTEMPT CASE.

The writ of habeas corpus before Chief Justice Gooding yesterday in which the editors of the Tucson Enterprise desired to be relieved of the sentence of imprisonment for contempt of court imposed by Associate Justice Sloan, was denied. Judge Gooding remanded the prisoners to the custody of the sheriff to serve their sixty and forty days' sentence. Before the ink had dried on the chief justice's decision Governor Murphy intervened with a pardon.

It is a difficult matter to get at the real merits of this case. Judge Sloan presumably desired to uphold the dignity of the court. Justice Gooding evidently took the same view of the situation. Governor Murphy in stepping in must have been actuated by strong reasons not in the possession of either Judge Sloan or the chief justice. It may be assumed that the governor, while he recognized that the defendants had been in contempt, looked upon the sentence as unduly severe. He therefore relieved the editors from lying in jail after they had paid their fines.

The people of this country are intelligent enough and patriotic enough to uphold the dignity of any court, which has in its personnel that which commands dignity and respect. If a court does not respect itself no amount of legal inquisition can compel respect from the people. Again, the interference of such rival powers as the executive with the judiciary is a delicate one. That occasional interference is intended, is self-evident from the fact that the governor is clothed with such authority.

It should be used, however, like calomel and mercury, with the utmost discretion and only as a last resort. The Republican assumes that all these officials acted honestly, but there is a difference of opinion which may have been based upon different sources of information. If there is anything of palpable importance in this matter which has not yet come to the public eye, it will rise to the surface sooner or later.

## Vote for Kirkland.

A vote against Trot and Jordan is a vote in favor of better men—Beardsley and Peck.

## THAT BLOODY SHIRT.

The Gazette makes much ado because Governor Murphy made a political speech in Tucson. Why shouldn't he? He is a Republican. Is there any law on the statutes of the territory prohibiting a Democratic official from making a speech, or a Republican official from doing the same? Has the Gazette forgotten those good old Democratic days when every office hack in the party from Governor Zulick up made forced marches over the territory to beat Democratic votes out of the chapparel? The Gazette lacks consistency among its other delinquencies. The Gazette further says that the governor "lied" about Mark Smith at Tucson.

THE REPUBLICAN is authorized to offer a reward of \$250 to any person who can prove by the Congressional Record or in any other way that Governor Murphy misrepresented Mark Smith in a single point.

If Smith's assertions are true why don't he carry the Congressional Record about with him and read the facts therefrom? Because he cannot find the page which will bear out his claims.

For a paper which even assumes to be a leader of a great party to open its columns to billingsgate such as the Gazette did because a Republican occupying the position of governor makes a plain, unvarnished statement of the political issues of the day is—well, it is reprehensible. If the Gazette will occupy its time in keeping right with its own party it will have its hands sufficiently full.

## Vote for Charlie Williams.

A vote for Rogers, Morgan, Hurley and Baxter is a vote to tax the people of Maricopa county for the Sewage Co.

## Vote for J. Y. T. Smith.

## LAST CALL.

THE REPUBLICAN desires to have a parting word with the voters of Phoenix. Remember when you cast your ballots today that Stewart represents progress, and statehood. He represents the brawn and muscle of Arizona, which favors free silver and plenty off it.

The opening of Indian reservations. Taxation of railroad lands. Anti-penitentiary labor. Public improvements at national expense.

In all this he has been consistent. He has made a gallant campaign single-handed and alone. Democracy has had the territory scoured with attorneys—the flower of her oratory—and the most excellent imported carpet baggers. Stewart has made five speeches to Smith's one. He was brought up to work, and his sympathies are with people who have to work. When you vote remember him—remember his honesty, his progressiveness, his courage, his indomitable will. Show your appreciation of these qualities by placing an X opposite his name and you will not regret it.

## Vote for Sheridan.

## ABOUT VOTING.

In adopting a new system of voting there are always a great many little things unlooked-for and unexpected.

In the first place great care should be used in placing your X just opposite the name desired to be voted. There can be no possible mistake if you are careful.

Secondly, vote early in the morning. By the new system, a great deal more time is required in fixing your ballot. It is understood that certain Democrats will avail themselves of this fact and endeavor to fill the booths with non-voters. If you put off voting till afternoon a great many may rush to the polls at the same time and you may be blockaded on the outside till it is too late to vote.

It is a duty you owe yourself and good government to personally see that all the voters within your immediate range cast their ballots in the morning likewise, and with care. These three suggestions should be borne in mind and faithfully acted upon.

## BRAG AND BLUSTER.

The Gazette comes out this morning before election with a brag and bluster article on Jim Murphy. The Gazette has waited some time to boom

Murphy, perhaps in order that the entire story of the Gribble capture and subsequent rewards might not be ventilated.

The fact is that no man who is personally familiar with the record of both Murphy and McFarland will hesitate a moment in putting the cross opposite McFarland's name. No one who knows McFarland can say that he is not a brave, honorable, upright man. Even the Gazette never questioned his bravery till the last hour before the election. When it becomes necessary to hold back eulogies and spring charges at an hour too late to answer, no fair minded man will be misled.

Vote for McFarland and you will have a sheriff who will fill all the requirements.

A vote for Tom Smith is a vote for a man who used his position as supervisor to rob the people.

## Vote for Watson.

## THAT WOLF CRY.

The Gazette yesterday morning reiterated the old cry that if the Republicans control the coming legislature Wolfley will be elected senator.

The Gazette knows as well everybody else knows, that the territorial legislature cannot elect United States senators. To repeat such statements is the depth of dishonesty and demagoguery and cannot deceive a single voter.

Below the sheepskin mask of this cry the real wolf, however, appears. The scheme to rob the people blind for sewers and other franchise steals masquerades in a vain endeavor to hide its ugly face. But the people perceive the ears and they can hear the baw. There is no senatorial question at issue this campaign—there is no political game in sight. It is a plain, simple question of supremacy of jobbery or honest legislation. The people will take their choice today and pay the price.

## Vote for Bill and Wharton.

Neither Standage or Davenport compare in ability to Peck or Bark.

## Vote for Peck.

## THE ELECTORAL COLLEGE.

The following table gives the electoral vote of each state, and will be found convenient for reference:

Alabama	9	Nebraska	3
Arkansas	7	Nevada	3
California	21	New Hampshire	3
Colorado	11	New Jersey	19
Connecticut	7	New York	36
Delaware	3	North Carolina	11
Florida	11	North Dakota	3
Georgia	11	Ohio	23
Idaho	3	Oregon	3
Illinois	24	Pennsylvania	23
Iowa	11	Rhode Island	4
Kansas	11	South Carolina	9
Kentucky	11	South Dakota	3
Louisiana	11	Tennessee	11
Maine	3	Texas	10
Massachusetts	11	Vermont	3
Michigan	11	Virginia	12
Minnesota	11	Washington	4
Mississippi	11	West Virginia	6
Missouri	11	Wisconsin	12
Montana	3	Wyoming	3
		Total	441

The states printed in bold face went Democratic four years ago, when of a total electoral vote of 401 Harrison received 233 and Cleveland 163, the Republican ticket having a majority of 65. The addition of new states and the reapportionment in accordance with the census of 1890 has increased the number of electoral votes to 444.

## Vote for Geo. Beardsley.

TAKE UP YOUR cross today and place it after every Republican nominee.

## Vote for Sanders and Marron.

WIPE THE ground up with the calamity coyotes today. It will be a good day's work.

BETS LAST night were two to one that Mark Smith won't carry anything but a demijohn.

WHY DOES the Gazette's statisticians halt at 1,800 majority for Mark Smith. Why not 18,000.

PEOPLE DOWN along the river, bear in mind that Tom Smith proposes to tax your sand banks.

A VOTE for Geo. Cluff is a vote for a man in the council who can neither be bought nor intimidated. He will make

himself felt against all boodle legislation.

A vote against Osborne, Rosson, Murphy, Williams and Orme, is a vote to clean out the court house gang.

FROM INFORMATION in our possession we regard it as time to begin to discuss President Harrison's next cabinet.

If it is merely a battle for the offices, that is one thing. But if you wish to express your convictions on principle, that is another thing.

THE Six hundred dollars sent to Tempe and four hundred dollars sent to Gila Bend yesterday will do the Democratic candidate, no good.

PHOENIX WILL do her duty by the Republican ticket from head to toe, because they are fortunately the most representative and capable men.

NOMINATE CLEVELAND, says Henry Watterson, and the Democratic party will march through a slaughter house to an open grave. The bell is beginning to toll.

Let every man entitled to vote express his opinion with his ballot and let all votes be honestly counted and returned. Then no one need be disgruntled with the result.

THERE WILL be a good many people get in on the wrong side of the bed tonight who turned out bright and frisky this morning. That is one of the attachments of politics.

FUSION IN Virginia was decided on yesterday between Republicans and Populists. This gives Virginia to Harrison. Cleveland's majority in Virginia in 1888 was only 1,539.

THE NATIONAL ORGAN of the Prohibitionists, the Voice, says that the party will be satisfied to hold its own this year. Naturally it does not expect to get out the "full" vote.

Gov. ZELICK did not arrive soon enough to vote, but in plenty of time to inject all the buffonery and abuse which came from the Democratic speakers. The governor is a good deal of an old blatherskite.

THE silver problem will be solved satisfactorily by the Republican party, and it will never be solved by any other political organization, because no other will get a chance for the next twenty years in this country.

## "MICKY" STEWART.

Hear the song that men are singing,  
And the echoes wildly ringing;  
Over the hills, along the valleys,  
Through the mountains, down the dales;  
Here and there, early and late,  
Through this great and coming state,  
Stewart!

He came a brave young pioneer,  
To build his home and fortune here;  
And honor the men who know him best—  
With all the honor of the West—  
They rise and shout with strong acclamation  
And wild hoarseness, his winning name,  
Stewart!

"Micky" Stewart  
Base slader's poisoned arrows fall,  
As thrown against a prophetic wall,  
Broken and harmless as his feet,  
And waves of rumor vainly beat  
Against his fair, unsullied fame,  
While honoring hosts lift high his name,  
Stewart!

"Micky" Stewart.

Don't forget to go to Gabbert Bros. for oysters.

## CURRENT COMMENT.

The town of Reynoldsburg, in Franklin county, O., has six churches and only 400 inhabitants.

The medical experts are tearing their hair in a heated dispute whether the comma bacillus is really the cholera bacillus or not, or whether the comma belongs as well to other diseases. Anyhow it is time to put a full stop to the squabble.

## "German Syrup"

J. C. Davis, Rector of St. James' Episcopal Church, Eufaula, Ala.: "My son has been badly afflicted with a fearful and threatening cough for several months, and after trying several prescriptions from physicians which failed to relieve him, he has been perfectly restored by the use of two bottles of Boschee's German Syrup. I can recommend it without hesitation." Chronic

severe, deep-seated coughs like this are as severe tests as a remedy can be subjected to. It is for these long-standing cases that Boschee's German Syrup is made a specialty. Many others afflicted with this bad case, will do well to make a note of this.

J. F. Arnold, Montevideo, Minn., writes: I always use German Syrup for a Cold on the Lungs. I have never found an equal to it—far less a superior.
